

National Weather Service Employees Organization

THE NWSEO DISASTER ASSISTANCE FUND

It is time for the Combined Federal Campaign and NWSEO is asking all NWS employees to contribute to the one fund that goes directly to National Weather Service employees. The Fund is administered by The Federal Employees Education and Assistance Fund (FEEA). The Fund is designed to help NWS families directly affected by natural or man-made disasters with emergency financial assistance.

One hundred percent of the donations are used to assist NWS families. You do not have to be a NWSEO member to contribute to the fund or receive a benefit from the fund. All donations will be acknowledged by FEEA. Please provide the resources necessary to help your colleagues when they need it most, during a disaster.

Donations to the fund are tax deductible to the full extent of the law and may be made by:
